

TiNYg Counter Terrorism Conference

TiNYg (Global Terrorism Information Network) is a global information sharing organisation with members in 150 countries.

Supported by:

Cyber Terrorism, Safe Cities & Advanced Technical Innovation

TiNYg is proud to present this conference with Industry Innovators and Leading Technology partners with the aim of supporting the security community in gaining a better understanding of the technology landscape, the direction of innovation and how technology can play an important role in addressing the rising global threats reported around terrorism, including Martyn's Law.

The Key-note speaker is Dean Haydon QPM, Former Deputy Assistant Commissioner, Metropolitan Police and a former National CT Co-Ordinator for the UK, supported by other international guest speakers.

Spaces are limited so reserve your place now by clicking on the link.
